Skills

- C/C++/Python/Java Coding
- Robotics (ROS Noetic)
- Machine learning

Education & Credentials

The Hong Kong University of Science and Technology (HKUST)

Bachelor of Engineering in Computer Engineering (expected graduation date: June 2026)

- **MCGA(Major GPA):** 4.1/4.3
- **Activities**
 - Student representative
 - Student advisor
- **Course highlights:**
 - Probability and Statistics
 - Smart-mechatronic
 - Object Oriented Programming
 - Artificial Intelligence
 - Mobile Robotics
 - Computer System and Organization
 - Algorithm
 - Machine Learning
- **Honors and Awards:**
 - Dean's list 3 semesters
 - Continuing Scholarship of 10,000HKD 2023
 - Bronze Medal, The Innovation Competition, HKIE 2023
 - Entry Scholarship of 70,000HKD 2022

High School Affiliated to Renmin University of China (RDFZ)

Graduated (June 2022)

- Top 5% of Beijing Gao Kao
- **Activities**
 - First Robotics Club, Chief engineer (season 2021)
 - First Robotics Club, Team mentor (season 2022-2024)

Experience

Research Project on Stable Diffusion 2024
Research Project on LLM 2024
Course Project on ICP Odom, EKF SLAM, A-star 2024
